00:00:00 Speaker 1

I'd like to call to order the meeting of the Board of Mayor and Alderman for September the 15th, 2026.

00:00:07 Speaker 1

It is 6:35 PM.

00:00:09 Speaker 1

Sorry about that.

00:00:12 Speaker 1

Brother Dan, if you could do an invocation for us.

00:00:19 Speaker 2

We thank you for this day.

00:00:20 Speaker 2

We thank you for your blessings on us, your mercy, your grace.

00:00:24 Speaker 2

You know, all the families represented here and everything going on with their lives and their world, we just prayed.

00:00:29 Speaker 2

Peace to each person as we just allow you to guide us.

00:00:32 Speaker 2

We pray for this meeting tonight.

00:00:34 Speaker 2

You'll lead and guide each person.

00:00:36 Speaker 2

We want to bring glory to you and bless our city, bless our board of mayor and alderman, and may we honor you.

00:00:44 Speaker 2

We ask in Jesus' name, amen.

00:00:46 Speaker 2

Amen.

00:00:46 Speaker 3

We pledge allegiance to the flag.

00:00:50 Speaker 2

Of the United States of America.

00:00:53 Speaker 3

And to the Republic for which it stands, one nation under God.

00:00:58 Speaker 4

Indivisible, with liberty and justice for all.

00:01:02 Speaker 3

Ms.

00:01:07 Speaker 3

Kelly Rofo.

00:01:08 Speaker 5

Mayor Schaub.

00:01:09 Speaker 5

Here.

00:01:10 Speaker 5

Alderman Gregory.

00:01:11 Speaker 5

Here.

00:01:11 Speaker 5

Alderman Martin.

00:01:12 Speaker 5

Here.

00:01:13 Speaker 5

Vice Mayor Gilmore.

00:01:14 Speaker 3

Here.

00:01:14 Speaker 5

Alderman Sennig.

00:01:15 Speaker 3

Here.

00:01:16 Speaker 5

Attorney Russell Freeman.

00:01:17 Speaker 6

Here.

00:01:21 Speaker 1

Okay, if everyone could take a couple minutes and

00:01:25 Speaker 1

review the minutes for the August the 18th 2026 um meeting we just regular meet regular meet.

00:02:41 Speaker 4

Make a motion that we approve the city meeting minutes of August 18th, 2026.

00:02:47 Speaker 7

I'll second.

00:02:49 Speaker 1

Any questions?

00:02:51 Speaker 1

All in favor.

00:02:53 Speaker 3

Aye.

00:02:55 Speaker 1

Okay, if you could take a minute or so and review the special call meeting minutes for September the 3rd, 2026.

00:03:19 Speaker 7

I make a motion we accept the minutes of the special call meeting of September 3rd, 2026.

00:03:27 Speaker 8

I'll second it.

00:03:29 Speaker 1

Any questions?

00:03:31 Speaker 1

All in favor.

00:03:33 Speaker 3

Aye.

00:03:33 Speaker 1

Good, are there any citizens' comments?

00:03:40 Speaker 3

Of course.

00:03:42 Speaker 3

That's why I get to-- Now you're gonna break your record.

00:03:44 Speaker 3

It would not be a city meeting without you, Mr.

00:03:46 Speaker 3

Dooley.

00:03:47 Speaker 3

Well, Mr.

00:03:48 Speaker 3

Mayor, Alderman Martin, Alderman Gilmore, Alderman Zenna, Alderman Gregory, Kelly, Mr.

00:03:55 Speaker 3

Rieben,

00:03:56 Speaker 3

My name is John Haley.

00:03:57 Speaker 3

You know where I live, 2021 .

00:03:59 Speaker 3

All right.

00:04:01 Speaker 3

I would like to ask a question or make a comment about item number 10 on new business, specifically subparagraph deep, which I believe you're going to be passing the silver rate that was discussed last month.

00:04:14 Speaker 3

So I can do the math.

00:04:17 Speaker 3

It's going to be 39% increase in our share rate between the next four years and three months.

00:04:22 Speaker 3

15% this year, 3% for 27, 28, 29, and another 15% on 2030.

00:04:29 Speaker 3

So that's 39% sewer increase.

00:04:31 Speaker 3

So tonight, Alderman Senate wanted to cut the rate for the people that are not on the sewer system.

00:04:38 Speaker 3

Personally, I believe that we should not be charging any place that's not getting service from the city regardless.

00:04:44 Speaker 3

And the second thing is, if you're gonna not give a break on that, but reduce the rate, it shouldn't be up

00:04:51 Speaker 3

to the rest of us to have to pick up the break you're giving them on top of getting a 39% increase over the next four years and three months so that's how I look at it and I know that prices go up I have a problem paying 39% over the next four years and three months but a real heartburn if you're going to renew somebody else's bill and attack it online because that sounds like a playbook from California okay so thank you very much for listening I appreciate it.

00:05:16 Speaker 1

Thank you sir anyone else?

00:05:20 Speaker 2

Dan Russell, 5250 Livingwood Road, and I'd like to say probably a lot of the same things that John just stated.

00:05:28 Speaker 2

I do appreciate the thoughtful discourse in regards to this because you guys are in a conduction.

00:05:32 Speaker 2

I know you've got to make these pieces all fit together.

00:05:36 Speaker 2

But just to kind of, I guess, tag on to what he was saying, I do think there is some benefit

00:05:42 Speaker 2

to those that are paid to bypass.

00:05:43 Speaker 2

Now, I raised my, I paid to bypass up until 2019.

00:05:47 Speaker 2

So I'm a bypass payer for years and years and years and years.

00:05:51 Speaker 2

And honestly, would probably have been in the same position as you've dealt saying, okay, what benefit am I deriving from this?

00:05:56 Speaker 2

It's a little frustrating.

00:05:57 Speaker 2

So I get that.

00:05:58 Speaker 2

I think that's, it's a fair argument.

00:06:01 Speaker 2

By the same token, I do think that there is some benefit in that when you sell the property, you've got

00:06:10 Speaker 2

an asset there in that the people buying that property know that if their septic tank fails they've got a remedy for it rather than okay we you know either you have to find a new lot if it won't work then you got to condone so I think there's some value there even if it's a potential value but I do get your frustration I would kind of align with John it is it does seem a bit much

00:06:34 Speaker 2

to have such a dramatic increase, I guess my thought process is now that I'm on the sewer side of it, the 15 bucks I was paying back then pales in comparison to what I pay now.

00:06:46 Speaker 2

So I would be grateful to go back to a bypass fee, I guess, even if it was 20, 25 bucks.

00:06:52 Speaker 2

So yeah, I get what you're saying, but be thankful that you've got a septic system, that's for sure.

00:06:59 Speaker 2

But just, I appreciate, I know it's tough, but I do like, I think the

00:07:04 Speaker 2

You were saying there on the end, Mayor.

00:07:05 Speaker 2

I think finding a happy medium, and I think that your suggestion seems adequate.

00:07:09 Speaker 2

But anyway, thank you guys for laboring.

00:07:12 Speaker 2

I know that's tough, and you don't make everybody happy.

00:07:14 Speaker 2

That's almost important.

00:07:15 Speaker 2

So thank you guys.

00:07:16 Speaker 4

Thank you.

00:07:17 Speaker 4

Can I respond to that comment?

00:07:19 Speaker 4

Or is that all right?

00:07:21 Speaker 6

Ken, do we not have...

00:07:22 Speaker 9

No, we don't, do we?

00:07:23 Speaker 6

We'll have Mayor, we'll put BOMA comments on it.

00:07:27 Speaker 6

That's all right.

00:07:29 Speaker 4

He brought up something that's interesting.

00:07:32 Speaker 4

Because existing homeowners who have the bypass, when they go to sell it-- Almost finished that.

00:07:39 Speaker 4

I know, but is there a way, as you said, we give people a certain amount of time to get onto the system, you know, to borrow an extension.

00:07:47 Speaker 4

But if it changes hands, is there something that can be done to where we have an existing sewer system that in the purchase or the sale of that, the new occupant comes in

00:08:00 Speaker 4

And has to go on to the city's sewer.

00:08:02 Speaker 6

I would say the non-conforming use follows the property.

00:08:07 Speaker 6

I think it's a 30-month look back.

00:08:09 Speaker 6

If you discontinue for 30 months under the statute, then you've lost your right.

00:08:14 Speaker 6

Obviously, we don't let anybody quit paying bypass for 30 days, but I don't think so, John.

00:08:24 Speaker 4

So you couldn't say going forward, you have a certain.

00:08:26 Speaker 7

Amount of time to get on the city on the sewer.

00:08:29 Speaker 2

Well, again, that's an asset to the person with the septic thing.

00:08:34 Speaker 2

We're selling you a home that you're not paying the septic.

00:08:36 Speaker 2

I understand that.

00:08:37 Speaker 2

So you're taking away another asset that they have.

00:08:39 Speaker 2

But I would say this, the thought, and I think that Mr.

00:08:44 Speaker 2

Freeman had brought up, there's tons of options, and thank y'all for thinking through all of them.

00:08:48 Speaker 2

But the thought that in a certain amount of years, it would be two years, four years, or five years, you'd be forced to get over the system.

00:08:55 Speaker 2

To me, I would rather pay more bypass fee than to think I'm going to be forced to get on the system in three to four years because then, trust me, it's more money then for the surgeon.

00:09:06 Speaker 2

Correct.

00:09:07 Speaker 2

Just some thoughts.

00:09:07 Speaker 4

No, that's good.

00:09:10 Speaker 1

Anyone else?

00:09:16 Speaker 1

All right, commission reports.

00:09:20 Speaker 1

Finance and administration, we are currently

00:09:24 Speaker 1

knee deep into our audit, and things are going extremely well.

00:09:34 Speaker 1

I think Ms.

00:09:35 Speaker 1

Kelly can probably add some things to this, but we've had very few requests, which tells us that our office staff is doing a fantastic job, and we greatly appreciate that.

00:09:52 Speaker 5

If nothing changes, we're on target for them to report next month.

00:09:57 Speaker 1

Okay, perfect.

00:09:58 Speaker 1

Perfect.

00:10:01 Speaker 1

Okay, public works and streets.

00:10:04 Speaker 1

We've had several things going on.

00:10:06 Speaker 1

We've had the guys have lined up some additional street signs that need to be replaced, repaired.

00:10:13 Speaker 1

We've got a lot of stop signs out there that are old and aging.

00:10:19 Speaker 1

We're going to replace those.

00:10:21 Speaker 1

filled with dirt.

00:10:23 Speaker 1

But that should be done here within the next couple weeks.

00:10:27 Speaker 1

We're looking at another paving project, potentially, of Leavingood.

00:10:34 Speaker 1

So hopefully we can get that taken care of.

00:10:37 Speaker 1

And down the road, we're still going to work on East End and get that at least patched and repaired.

00:10:45 Speaker 1

So there's a lot of things going on streetwise that

00:10:49 Speaker 1

we're rather proud of staying on top of it.

00:10:54 Speaker 1

Okay, Parks and Recreation.

00:10:56 Speaker 9

Can I ask a question?

00:10:57 Speaker 1

Yes.

00:10:59 Speaker 9

With regard to public works, I had asked to put on the agenda the tree trimming and that would be public works, wouldn't it?

00:11:08 Speaker 3

Yes.

00:11:09 Speaker 9

Okay.

00:11:09 Speaker 9

They started it a couple of years ago and stopped after they had caused a fire on one of the trees on

00:11:18 Speaker 9

Highland Drive, and we haven't had any done that I have seen since then.

00:11:24 Speaker 9

Is that not something that would be scheduled with Public Works?

00:11:27 Speaker 1

We do that every two years or so.

00:11:31 Speaker 1

We get out there and they trimmed last year, and we'll get back on it again this year.

00:11:39 Speaker 9

Okay.

00:11:39 Speaker 1

Or next year.

00:11:41 Speaker 9

Because we have a lot of trees down, coming down Highland Drive and Highland

00:11:48 Speaker 9

Avenue and on O'Brien that are very precarious and with the storms that we've had in the last two years those things are breaking off like crazy and we're going to be we're going to be stuck in again with the trees coming down and the branches coming down.

00:12:08 Speaker 6

Are they little private property?

00:12:11 Speaker 9

Well they hang over the street

00:12:14 Speaker 9

Then there's a few, and I don't know if we can do an ordinance or something.

00:12:18 Speaker 9

We've got some dead trees standing on private property.

00:12:21 Speaker 9

Can't we have an ordinance that they have to be removed or something?

00:12:26 Speaker 6

Pass an ordinance to do anything.

00:12:28 Speaker 9

Okay, well maybe we should start thinking about that.

00:12:32 Speaker 9

Anyway, thanks.

00:12:38 Speaker 3

Parks and Rec.

00:12:40 Speaker 8

All right.

00:12:41 Speaker 8

We had experience in Robertson County this past weekend.

00:12:45 Speaker 8

Participation was down a little from last year.

00:12:49 Speaker 8

I assume a lot of it was the price of gas and also the temperatures because it was hot.

00:12:56 Speaker 8

But we had a steady flow all day.

00:12:58 Speaker 8

It was down from last year.

00:13:03 Speaker 8

We are getting very close to having the pickleball court finished.

00:13:08 Speaker 8

We're in the process now of

00:13:10 Speaker 8

putting a little extra pavement alongside of the court because it did not come out all the way to the fence.

00:13:18 Speaker 8

So another two-foot section there that we had to pave to bring it out to the fence, save on a twisted angle or two.

00:13:29 Speaker 8

Again, we're still in talks about shuffleboard court, and I'd like to see it, but it's probably not going to happen this year, but I would love to see it soon.

00:13:40 Speaker 8

And then as far as Ridgetop Station, Clint was over there today taking down a couple of large trees that were dead alongside the walking trail.

00:13:51 Speaker 8

And occasionally those limbs have been known to fall.

00:13:55 Speaker 8

And so we get them out of there so they won't fall on anybody.

00:13:59 Speaker 8

And I've already contacted the stump grinder.

00:14:02 Speaker 8

He will be in there later this week unless something happens.

00:14:07 Speaker 8

But before Smoke on the Ridge, the stumps should be gone.

00:14:12 Speaker 8

And speaking of Smoke on the Ridge, a week from Saturday, the 26th is Smoke on the Ridge, our annual barbecue cook-off.

00:14:21 Speaker 8

And we're hoping for a lot of participation and we can always use volunteers.

00:14:26 Speaker 8

We very seldom turn away help.

00:14:30 Speaker 8

So if anybody has a few minutes, an hour, half hour all day,

00:14:37 Speaker 8

please come on and be ready to chip in and we could certainly use you.

00:14:43 Speaker 8

And then again, we're only six weeks or so away from the Civil War reenactment.

00:14:49 Speaker 8

Again, we can use lots of help for that.

00:14:52 Speaker 8

It's a three-day event.

00:14:54 Speaker 8

This year we do have a hot air balloon secured and we're getting a lot of interest over it.

00:15:02 Speaker 8

So it looks like we could have a very big turnout for it.

00:15:06 Speaker 8

Well, Mr.

00:15:07 Speaker 8

Neely's going to be busy in the parking lot.

00:15:11 Speaker 3

I can handle it.

00:15:13 Speaker 8

But you can handle it.

00:15:15 Speaker 8

And if anybody's up in the morning, Mr.

00:15:18 Speaker 8

Mayor and I are going to be in Springfield with U-turn Laverne.

00:15:22 Speaker 8

We have an interview at seven o'clock on the radio in the morning that we will advertise our wares and hope more interest out of the county.

00:15:35 Speaker 8

Other than that, I believe it pretty well brings us up to speak.

00:15:39 Speaker 1

Pretty much so.

00:15:42 Speaker 1

Hey, Community and Economic Development.

00:15:44 Speaker 3

I have no report.

00:15:46 Speaker 1

Okay, would like to make an announcement.

00:15:51 Speaker 1

Tractor Supply has fallen through.

00:15:57 Speaker 1

We were hoping to get them on the corner lot up there, but they had 15 projects scheduled.

00:16:05 Speaker 1

for this year, and due to the economic conditions around the country, they canceled them all.

00:16:12 Speaker 1

And unfortunately, we were one of them.

00:16:15 Speaker 1

So I wanted to make sure everybody was well aware of that one.

00:16:18 Speaker 1

We're looking at some other opportunities, and we'll keep you posted.

00:16:27 Speaker 9

Sorry, what were they going to do?

00:16:29 Speaker 1

Tractor Supply was going to put in a store.

00:16:32 Speaker 9

Store here.

00:16:35 Speaker 4

Okay.

00:16:35 Speaker 4

The property that was rezoned commercial.

00:16:37 Speaker 9

Yes.

00:16:37 Speaker 4

That was where it was going to go right there.

00:16:39 Speaker 9

Oh, darn.

00:16:40 Speaker 7

Wow.

00:16:40 Speaker 4

They had to hold off on 15 other projects they had to cancel due to economic conditions.

00:16:47 Speaker 9

Has there been any, has the state authorized for anything to be done up there with access to property?

00:16:55 Speaker 1

And everything.

00:16:58 Speaker 9

Part of the planner.

00:17:01 Speaker 6

It's a pretty good interest though.

00:17:03 Speaker 1

Yes it is.

00:17:04 Speaker 3

That's huge.

00:17:05 Speaker 1

Yes it is.

00:17:07 Speaker 1

It was really disappointing.

00:17:09 Speaker 8

Somebody will want it.

00:17:10 Speaker 1

Yep.

00:17:12 Speaker 1

Okay, utilities, gas department responded to 30 811 locate tickets, completed five work orders, performed multiple service and disconnects and reconnects.

00:17:27 Speaker 1

conducted monthly odorization testing to verify odorant levels, performed daily gate station inspections, and began the five-year valve and meter maintenance program.

00:17:42 Speaker 1

The SER department completed five work orders involving repairs and maintenance, responded to 30 811 locate tickets, performed multiple service disconnects and reconnects,

00:17:56 Speaker 1

and check the sewer building at Lake and 41 every day.

00:18:03 Speaker 1

And that particular one is, there's a chemical solution that we've got to put in to that particular building that we've repaired so we can get off of Metro's list.

00:18:17 Speaker 1

Parks, they clean and sanitize the public restrooms weekly and mold the two lots biweekly.

00:18:28 Speaker 1

Hey, fire and police.

00:18:31 Speaker 7

Ridgetown Fire Department calls through the month of August, two false calls, one brush fire, 23 EMS assist, three first responder, one assist PD, four no response and four miscellaneous for a total of 38 calls, 20 inside the city, 18 outside the city, and 10 mutual aid.

00:18:56 Speaker 7

Sheriff's Department, we had basically four calls that had reports taken on them and actually action on them.

00:19:06 Speaker 7

They actually had 41 calls in the side of the city, but that was the only four that as of right now even had any action taken on them.

00:19:14 Speaker 3

Is that posted somewhere so that we can see what they're signing every week or whatever?

00:19:20 Speaker 7

Well, this is from the 911 dispatch.

00:19:24 Speaker 7

And I talked to Jessica, and the reason that we do not get a monthly report is because a lot of those will change classifications.

00:19:35 Speaker 7

The TBI is the one that sends this out.

00:19:38 Speaker 7

Is that right?

00:19:38 Speaker 7

The Tennessee?

00:19:39 Speaker 7

Tennessee sends this out.

00:19:42 Speaker 5

Sends out.

00:19:44 Speaker 7

They're the ones that, they mean your store.

00:19:48 Speaker 7

And this is just the 911 dispatch sheets, but yeah, I mean.

00:19:51 Speaker 9

Do we have that in our package?

00:19:55 Speaker 5

No, that's just a report that money has.

00:19:57 Speaker 7

Yeah, it's just a report that I got.

00:20:00 Speaker 9

I couldn't hear that.

00:20:01 Speaker 7

No, it's just a report that I have just to show that they were, that there were four action calls taken in the city.

00:20:15 Speaker 7

Also, we had all of the fire trucks, all of the pumps were tested and passed.

00:20:21 Speaker 7

And the ladder truck is in for some repairs.

00:20:25 Speaker 7

So that's why you don't see it over.

00:20:26 Speaker 7

That's the shop.

00:20:29 Speaker 7

Hopefully that'll get done and get it back.

00:20:31 Speaker 1

Yes.

00:20:32 Speaker 1

Okay.

00:20:34 Speaker 1

Planning and zoning.

00:20:36 Speaker 4

Very light mountain.

00:20:37 Speaker 4

There's only one permit pulled, mechanical permit out on East End Road.

00:20:43 Speaker 4

Very little that was going on.

00:20:45 Speaker 4

And I'd like to, I guess, talk about one thing, Dale.

00:20:49 Speaker 4

over at Park Station Park, the Wilson House.

00:20:52 Speaker 4

Monty, you did some research on that on the ADA compliance?

00:20:56 Speaker 7

Yeah, I've still got an e-mail into Amy Napoleon with GNRC and to get clarification on that for sure.

00:21:05 Speaker 7

But everything I've found out is that as long as we don't make any changes inside the house,

00:21:14 Speaker 7

that we can put a ramp in to go in.

00:21:16 Speaker 7

If we make any changes for ADA, we have to make all of them.

00:21:20 Speaker 3

So the issue we've got is the ramp coming up on that side goes into the door.

00:21:28 Speaker 4

I didn't even put a tape on it, but I'm pretty sure it's a 2-4, it's pretty narrow.

00:21:32 Speaker 8

Yeah, the chair will not.

00:21:33 Speaker 4

It will not, so I don't think.

00:21:35 Speaker 3

Personally we need to put a ramp over there if we can't get a wheelchair to the front door.

00:21:39 Speaker 7

What about the back door going into the kitchen, it should be a 36.

00:21:44 Speaker 8

As you get out of the kitchen into the rest of the house.

00:21:46 Speaker 7

Well, we can get a wheelchair and make sure it'll fit through there or take a tape measure.

00:21:51 Speaker 7

I mean, but...

00:21:53 Speaker 7

Is that what we're gonna see if we get a ramp up through the back door?

00:21:55 Speaker 9

The interior doors are like 29 something there.

00:22:04 Speaker 8

The back door out of the living room, which is on that side porch, I believe that's a 36.

00:22:10 Speaker 7

Maybe.

00:22:11 Speaker 8

It's a wider door than the one going in the hallway.

00:22:14 Speaker 4

Once we make one modification, we have to modify everything.

00:22:18 Speaker 6

Ronnie, if you did the ramp, and this may need more clarification, could you also put some handles and then y'all can have a chair there, you can get them donated, and then have a chair on the inside or somebody brought their chair up at least to the door to transfer.

00:22:35 Speaker 6

I mean, that's a thought, but obviously that doesn't accommodate everybody.

00:22:41 Speaker 6

But again, that may be beyond just the ramp alteration, and then you trigger all the remaining.

00:22:46 Speaker 7

And I don't, I think it has to be a metal ramp, so it's classified as a temporary ramp.

00:22:51 Speaker 7

I don't think you can put concrete going up to it, so that would be a permanent.

00:22:57 Speaker 6

Oh, it's got to be the.

00:22:59 Speaker 7

Yeah, it would have to be a ramp.

00:23:01 Speaker 7

Like I said, I'm still getting some clarification on the final say on that from somebody that actually knows

00:23:09 Speaker 7

but uh everybody that I've talked to that's dealt with this has told me that yeah you could put a metal ramp in there and as long as you don't make any changes to the house then you're you're good but I said if you widen what if you widen one door for ADA you got to oh yeah then you got to make everything in there which would

00:23:32 Speaker 7

the bathroom would be, you'd have to tear the whole house apart to make the whole thing.

00:23:37 Speaker 7

At that point, you've destroyed the house and not made it what it actually is.

00:23:43 Speaker 9

But our restrooms comply, right?

00:23:48 Speaker 9

No, I mean outside.

00:23:50 Speaker 7

Yeah, outside.

00:23:54 Speaker 7

Maybe not even touching the house.

00:23:56 Speaker 7

That's right.

00:23:57 Speaker 4

Leave it just as it is.

00:23:58 Speaker 1

Now they got this ramp before we really get into it.

00:24:01 Speaker 1

Let's check the door and see what chair will even go through it.

00:24:04 Speaker 7

Okay.

00:24:04 Speaker 7

Yeah.

00:24:06 Speaker 6

Well, it's a width specification.

00:24:10 Speaker 4

Yeah, I think it's 36.

00:24:13 Speaker 8

I'm sure that one on the back side of the living room is.

00:24:17 Speaker 8

is pretty sure of it.

00:24:20 Speaker 8

I have not put tape on it, but it is a bigger door.

00:24:24 Speaker 4

But.

00:24:25 Speaker 7

I was also, somebody mentioned that because of the bathrooms outside were ADA compliant, that the bathroom inside the house wouldn't have to be.

00:24:36 Speaker 4

But.

00:24:37 Speaker 7

Like I said, I haven't clarified that either, so.

00:24:41 Speaker 4

Okay.

00:24:42 Speaker 4

Well, that is predicating on getting that walkway and doing the shuffleboard was all the different concrete things around Station Park and that, trying to do it all at once.

00:24:52 Speaker 4

So if that is settled, we can actually make the repairs at the bathroom of Station Park and the walkway over at Pioneer Park.

00:25:01 Speaker 4

So we can talk about that further, so.

00:25:05 Speaker 4

There was one thing, Ms.

00:25:06 Speaker 4

Martin, you had brought up last month, and I know the city has been working on, they've sent out numerous letters, at least two, to the 110 O'Brien that you brought up for some time.

00:25:22 Speaker 4

I'm preempting you right now.

00:25:25 Speaker 4

So they've been working on it.

00:25:27 Speaker 4

They did get a response from 110 O'Brien.

00:25:31 Speaker 4

It was not a very good one.

00:25:33 Speaker 4

In fact, it was pretty ugly.

00:25:35 Speaker 4

In fact, it was, I don't want to say profane, but it was pretty bad.

00:25:39 Speaker 9

Well, it's a dump.

00:25:40 Speaker 4

Well, they've responded very harshly.

00:25:44 Speaker 4

And so Mike Bauer is very hesitant to do anything because there's also what he has reported, a criminal history of someone who's there.

00:25:56 Speaker 4

So I think something has been sent to you, Russell, about how to proceed.

00:26:01 Speaker 4

with a non-compliance with what's going on.

00:26:04 Speaker 4

Jeanette said she sent you an e-mail.

00:26:06 Speaker 4

I don't know if you had a chance.

00:26:08 Speaker 4

I am blindsiding you right now, so just look at your e-mail.

00:26:12 Speaker 4

You may have something about 110 O'Brien, about a couple of campers overgrown.

00:26:20 Speaker 4

They're just not doing anything.

00:26:21 Speaker 9

And there's still, I'm sure they didn't remove the...

00:26:25 Speaker 9

destroying vehicles in the back and I said.

00:26:29 Speaker 4

They're not getting any any positive response from them we're going to have to probably try to you know force an issue but we'll have to get you involved Russell.

00:26:39 Speaker 6

I know the issue there is is whether or not the would go and you know be on the street they're not going to go to the door

00:26:54 Speaker 6

Because that's a city ordinance.

00:26:56 Speaker 6

You know, that's not what they do.

00:26:58 Speaker 6

But just from a safety standpoint, based on the criminal history, I would think Mike would be able to get some assistance there.

00:27:04 Speaker 4

Yeah, he'd prefer the sheriff or someone else to go out and do something.

00:27:08 Speaker 7

He does -- he'd like some assistance.

00:27:10 Speaker 8

.

00:27:10 Speaker 3

When the meeting's over, I'll be there.

00:27:17 Speaker 3

Don't tell him at the bedtime.

00:27:22 Speaker 4

We need that work house.

00:27:25 Speaker 3

You will after tonight.

00:27:27 Speaker 8

Can't we start fighting them?

00:27:28 Speaker 8

Yeah, there's two campers in the driveway, and I, again, have no facts, but I believe one is being resigned.

00:27:37 Speaker 6

Oh, I'm sure.

00:27:37 Speaker 9

Oh, yeah.

00:27:38 Speaker 4

Yeah, no, they have reported that that was taking place.

00:27:41 Speaker 4

So all of it's been addressed and we tried, reached out a couple of times.

00:27:46 Speaker 4

We're gonna have to take it a step further.

00:27:51 Speaker 6

All right, very good.

00:27:53 Speaker 4

All right.

00:27:53 Speaker 6

Well, that might be the foot soldier.

00:27:59 Speaker 6

We'll ride it like the cavalry.

00:28:02 Speaker 8

Have we got any Kibler vest at all?

00:28:05 Speaker 4

I don't know who ever had one.

00:28:08 Speaker 4

I've never seen one.

00:28:09 Speaker 8

Back when we had police, we had them.

00:28:13 Speaker 4

I believe those were donated, so.

00:28:15 Speaker 1

Okay, business reports.

00:28:16 Speaker 1

Mr.

00:28:16 Speaker 1

Kelly.

00:28:17 Speaker 5

No report.

00:28:20 Speaker 1

Attorney Russell Freeman.

00:28:22 Speaker 6

Yes, first I noticed that charter changes is A under new business.

00:28:26 Speaker 6

We probably want to do a whole lot more there and I won't address it at this point in time.

00:28:30 Speaker 6

But did receive a letter from LNG Construction.

00:28:36 Speaker 6

Three areas in which he discussed the fact that one, he thought all the leveling concrete of 50 yards was needed.

00:28:46 Speaker 6

He wants to be paid for it.

00:28:48 Speaker 6

Two,

00:28:49 Speaker 6

He wants to be reimbursed, and I don't know where he came up with this.

00:28:52 Speaker 6

Apparently some homeowners said, some residents out there said the project wasn't in the proper area, so he goes and hires his own surveyor, I believe, is the way I read this from the letter.

00:29:02 Speaker 6

He wants us to reimburse him for \$2,270, and then he says he never went outside the 50-foot right-of-way of the project work zone.

00:29:12 Speaker 6

That's easily for the removal of trees.

00:29:15 Speaker 6

which would affect some of the homeowners.

00:29:17 Speaker 6

And that is obviously objectively determined based on map and survey and distance.

00:29:26 Speaker 6

And then he went into something that White House Utility District had created a delay in the work project for it to be complete.

00:29:34 Speaker 6

But I don't know what he's even talking about there.

00:29:38 Speaker 6

White House had nothing to do with him completing the grading sufficiently under the specs.

00:29:44 Speaker 6

in supplying some of the other product he was supposed to never did so I don't know I'm going to we've shipped it off to Tom Summers to address because some of it he does try to be a little technical with regard to leveling concrete and state specs.

00:29:59 Speaker 4

Well he was supposed to get approval if he was going to be doing additional we have to contact the engineer to say he needed it and there was no authorization for him to forward.

00:30:08 Speaker 6

It correct and my big concern is obviously the

00:30:13 Speaker 6

The right of way, the temporary right of way outside the work zone, and that's again, that's identifiable by survey and distance.

00:30:22 Speaker 6

And we'll reach, you know, figure out where he is through Tom Summers on this level and concrete and whether or not his argument stands up with regard to what was necessary about the bank stabilization, bunch of stumps in the creek there and all that stuff.

00:30:39 Speaker 6

So let me hear back from Tom and then we'll know where we're going.

00:30:42 Speaker 6

That seems to be in a big hurry.

00:30:44 Speaker 6

Don't make a big demand.

00:30:45 Speaker 6

It did come from the lawyers, so we'll just figure it out.

00:30:50 Speaker 3

Okay.

00:30:52 Speaker 1

All right, mayor's comments.

00:30:54 Speaker 1

I don't have any this evening.

00:30:56 Speaker 1

There's no old business, so we'll get in to do.

00:31:00 Speaker 1

Okay, the charter changes.

00:31:05 Speaker 1

What, Russell, is our next step?

00:31:10 Speaker 6

I think it would be good for a motion tonight to tell me to go ahead and suggest that I make that charter change, leaving that number blank for any discussion when it comes to these right here being the last draft, because I want everybody to look at it one more time, take it home, read it, read it twice.

00:31:35 Speaker 6

If you have any questions, call me and we can, we don't want to get it right because you don't want to go back and modify your charter every two years.

00:31:42 Speaker 6

You won't do it once every 20.

00:31:44 Speaker 6

So we want to get it right.

00:31:46 Speaker 6

So this will be on the agenda for next item.

00:31:48 Speaker 6

So properly a resolution tonight just to tell me to continue to make any amendments and adjustments and edits based on any feedback from you guys and I will do that and we'll present it on the vote.

00:32:02 Speaker 6

of the language of approval of the amendments.

00:32:07 Speaker 1

Okay.

00:32:10 Speaker 1

Make a motion.

00:32:11 Speaker 3

Go ahead.

00:32:12 Speaker 1

Go ahead.

00:32:12 Speaker 1

No, you're good.

00:32:13 Speaker 1

No, I wasn't going to make it.

00:32:14 Speaker 4

No, I'll make a motion for Mr.

00:32:16 Speaker 4

Freeman to continue to work on the charter, making any changes, leaving that blank about, I remember there's several things in there he's working on, and we're all going to look over the charter and be in contact with again, make a motion to go ahead and draft a resolution for this.

00:32:33 Speaker 9

I second the motion.

00:32:35 Speaker 1

Any questions?

00:32:37 Speaker 1

Okay, all in favor.

00:32:39 Speaker 4

Aye.

00:32:41 Speaker 1

Next item up is a bid advertisement for paving the Leaving Good Road.

00:32:45 Speaker 1

I'd like to get that out for bid as soon as possible and see if we might be able to get Leaving Good paid before the end of the year.

00:32:56 Speaker 9

Then can we have a party?

00:32:58 Speaker 1

Do what?

00:32:59 Speaker 9

Have a party.

00:33:01 Speaker 1

Favor the street?

00:33:02 Speaker 1

No.

00:33:02 Speaker 9

No, not good.

00:33:05 Speaker 6

Those people who live in good roads.

00:33:06 Speaker 1

They might be really happy.

00:33:09 Speaker 7

I'll make a motion we accept bids for paving a living good road.

00:33:16 Speaker 7

I'll second.

00:33:18 Speaker 1

Okay, any questions?

00:33:20 Speaker 1

All in favor.

00:33:22 Speaker 3

Aye.

00:33:25 Speaker 1

The next item up is a consideration

00:33:29 Speaker 1

Surplusing the school zone equipment.

00:33:31 Speaker 1

What we're looking at there, since we really don't have any control over the equipment itself, is surplusing this and turning it over to Robertson County.

00:33:44 Speaker 3

What kind of equipment is it?

00:33:46 Speaker 3

Lights.

00:33:48 Speaker 1

School zone lights and signs and that kind of stuff.

00:33:51 Speaker 3

So we don't have the flashing lights here anymore.

00:33:54 Speaker 1

Yeah.

00:33:54 Speaker 3

Is that what you're talking about?

00:33:55 Speaker 3

Or the old lights.

00:33:56 Speaker 1

No, this is the lights that are currently out here that we've just recently put up in the last year or so.

00:34:03 Speaker 1

They control the maintenance and programming.

00:34:08 Speaker 8

Yeah, we're not taking them down or anything, we're just turning them over there.

00:34:12 Speaker 3

Just turning them over to them.

00:34:14 Speaker 8

They want them.

00:34:16 Speaker 1

Yep, I've had a conversation with them and they said.

00:34:22 Speaker 5

Because they coincide with the school.

00:34:24 Speaker 5

Well, there's signs anyway, weren't they?

00:34:27 Speaker 5

They have to program them electronically to go to the school.

00:34:30 Speaker 5

They just came through that grant.

00:34:32 Speaker 5

Yeah, that's what I said.

00:34:37 Speaker 5

A resolution will have to be made to surplus them and one to...

00:34:42 Speaker 6

Dispose of as any practical means.

00:34:44 Speaker 5

And then one to give them to the county or gift them to the county as well.

00:34:48 Speaker 1

So we'll need basically a motion to do the resolution and so forth.

00:34:59 Speaker 7

So do we need to do anything with this tonight?

00:35:02 Speaker 1

Yeah, make a motion to drop the resolution and.

00:35:06 Speaker 7

I'll make a motion.

00:35:08 Speaker 7

I'll make a motion we make a resolution to surplus the school zone equipment.

00:35:16 Speaker 7

Second.

00:35:18 Speaker 1

Any questions?

00:35:21 Speaker 1

All in favor?

00:35:22 Speaker 1

Aye.

00:35:26 Speaker 1

Okay, next item up is ordinance 2026-105.

00:35:36 Speaker 1

An ordinance amending ordinance 2025-105.

00:35:41 Speaker 1

This is an ordinance establishing sewer rates for collection and treatment of sewage.

00:35:47 Speaker 1

for the Ridstop sewer system.

00:35:50 Speaker 1

And basically what we're here tonight for the first reading is potentially go ahead and approve the ordinance and then make any necessary changes that we have to do for the bypass fee and recouping of the funds lost.

00:36:18 Speaker 1

There is another option that I can throw out there in regards to this is, you know, Mike had brought it to my attention, maybe a surcharge of a dollar added to the bill.

00:36:34 Speaker 9

For what?

00:36:35 Speaker 1

For just a surcharge to make out the additional funds that we're going to use, and that would more than

00:36:44 Speaker 1

and we wouldn't have to adjust the percentage of increase.

00:36:52 Speaker 5

Oh.

00:36:52 Speaker 5

What would you explain the surcharge as?

00:36:55 Speaker 1

That we, it's another topic of conversation.

00:37:00 Speaker 1

I mean, I don't even know if we could do that.

00:37:02 Speaker 6

I don't either.

00:37:04 Speaker 5

I don't either.

00:37:10 Speaker 7

Without an explanation, yeah, I don't know.

00:37:13 Speaker 7

we need to open this for discussion first.

00:37:18 Speaker 6

Well yeah I need a need a motion probably to put this on the table and second it and then discussion and then again it's first we in the whole I can go on next week.

00:37:29 Speaker 7

I'll make a motion we accept ordinance 26-105 an ordinance amending ordinance 25-105 establishing sewer rates for the collection and treatment of sewage for the rich top sewer system.

00:37:42 Speaker 9

I'll second that.

00:37:45 Speaker 1

Any questions?

00:37:49 Speaker 7

We're having a special call meeting the 20th.

00:37:51 Speaker 1

20th.

00:37:51 Speaker 7

20th.

00:37:52 Speaker 7

Can we add this to that to discuss this further so that when we have the actual meeting that we have numbers instead of discussing it at that time?

00:38:02 Speaker 1

Yes.

00:38:04 Speaker 4

So we won't discuss the bypass fee, anything like that, or church yard or what have you until the 20th.

00:38:12 Speaker 6

Correct well you're not prevented from it but you know like say we're first where you get right.

00:38:18 Speaker 4

We need more information yes.

00:38:21 Speaker 7

That that would let us bring it up at that meeting to to discuss.

00:38:24 Speaker 1

What changes and so forth would be appropriate?

00:38:29 Speaker 9

The 20th of this month October October okay oh right.

00:38:35 Speaker 7

Right before our next meeting.

00:38:37 Speaker 1

No that's the same thing okay okay we'll just do it at you know

00:38:41 Speaker 1

like we did tonight.

00:38:42 Speaker 1

Okay.

00:38:46 Speaker 1

Any other questions?

00:38:48 Speaker 3

Nope.

00:38:48 Speaker 1

All in favor.

00:38:49 Speaker 9

Aye.

00:38:50 Speaker 4

Aye.

00:38:52 Speaker 1

Okay, Russell on this one, resolution or EFGHISJ resolutions on the TCRS contract?

00:39:02 Speaker 6

Just defer.

00:39:04 Speaker 1

Yeah, I'd like to just make a motion that we defer items number EFG

00:39:11 Speaker 1

H I and J uh until our October 20th meeting both of gyms yes all right I'll second that any questions all in favor.

00:39:37 Speaker 5

Aye did you second that yes thank you okay.

00:39:46 Speaker 1

The next item up is to approve the procurement for 10-point construction to do the prep and finalize the necessary grading on the Shedden Road project.

00:40:00 Speaker 1

This is an area of the road that needs some additional grading for what Russell was referring to for LNG.

00:40:09 Speaker 6

Yeah, I can help address that a little bit off of putting them together again.

00:40:13 Speaker 6

This was one of the issues with LNG.

00:40:16 Speaker 6

They had to fish about a 70-degree angle off the side that used to be a paper all the way out.

00:40:30 Speaker 6

And because of the tight frame and we're going to dispute that, this is going to come off of his bill as an expense that the city's had to incur to alleviate it.

00:40:45 Speaker 6

problems that weren't going to get any better that he didn't come out and do.

00:40:50 Speaker 6

And I, you know, I would recommend, I recommend approval and it's within the limits anyway of the expenditure powers of the mayor to have had it done.

00:41:00 Speaker 4

So we're taking the funds out of what we owe L&G.

00:41:03 Speaker 6

Yes.

00:41:03 Speaker 4

We're not paying anything additional.

00:41:05 Speaker 4

No.

00:41:06 Speaker 4

Or any funds allocated.

00:41:07 Speaker 4

He hadn't done the work, we're having somebody do the work.

00:41:10 Speaker 1

Correct.

00:41:10 Speaker 6

Well, let me just say,

00:41:14 Speaker 6

I can't tell you that if we went to court that he wouldn't totally surfail 100%, but since he was supposed to have done it to that spec, I feel pretty confident the judge would back that out if we had to pay him 100% less what we've had to do.

00:41:30 Speaker 4

We have that in writing, what he was supposed to do.

00:41:32 Speaker 6

Yeah, he didn't do it.

00:41:33 Speaker 6

Very detailed.

00:41:34 Speaker 4

I make a motion to approve the procurement for Ten Point Construction to prep and finalize necessary grading on Shedden Road project.

00:41:42 Speaker 9

I'll second that.

00:41:44 Speaker 1

Any questions?

00:41:47 Speaker 1

All in favor.

00:41:48 Speaker 9

Aye.

00:41:48 Speaker 9

Okay, I.

00:41:50 Speaker 1

Don't know if you want any further discussion of tree trimming.

00:41:57 Speaker 9

Do we have any, if we can back up a little, what did we decide on that?

00:42:01 Speaker 9

It's been five minutes.

00:42:05 Speaker 9

On the tree trimming.

00:42:07 Speaker 1

I've got a bridge down here, I'll let you guys take a look at those trees on O'Brien and Highland.

00:42:14 Speaker 1

and see what we can do.

00:42:15 Speaker 1

But like I said, generally what we do about every time...

00:42:20 Speaker 1

We have to get the equipment to do this from Greenbrier.

00:42:26 Speaker 9

Well, we had it and we stopped doing it.

00:42:29 Speaker 9

So, the last time, because of the fire, I guess.

00:42:34 Speaker 9

Yeah, the tree lit up.

00:42:38 Speaker 4

Are those trees in the utility easements?

00:42:41 Speaker 4

the front of the property where they own the private property of the citizen if it falls within a utility amusement or you know.

00:42:50 Speaker 8

Very close very close they would be within the utility right?

00:42:54 Speaker 1

Away okay and the other thing we got to take a look at also is obstructing traffic yeah so we'll take a look at and see yeah and then the last one is discussing

00:43:09 Speaker 1

enacting an emergency plan to evacuate citizens unable to leave their homes due to storm conditions.

00:43:15 Speaker 9

We've had that two years in a row now.

00:43:17 Speaker 9

People can't get out of some of our roads.

00:43:20 Speaker 9

They've called, they've begged, they've sent letters.

00:43:25 Speaker 9

What are we going to do?

00:43:26 Speaker 9

I mean, they could die down there if we lose power and they have nothing and we're doing nothing about it.

00:43:32 Speaker 9

Is the fire department involved?

00:43:34 Speaker 9

Could the fire department be involved in that?

00:43:36 Speaker 1

That would be a conversation I think that we need to have with Tony.

00:43:39 Speaker 1

And unfortunately, he's not here tonight due to surgery.

00:43:42 Speaker 9

Oh, sorry to hear that.

00:43:44 Speaker 1

Yeah.

00:43:45 Speaker 1

So I know he's got, or we have, an evacuation plan for nursing home

00:43:54 Speaker 1

schools, those type of things.

00:43:57 Speaker 1

But as far as individual houses, I can't ask that question.

00:44:02 Speaker 9

First, we have our evacuation plan.

00:44:03 Speaker 9

Is that with the fire department?

00:44:05 Speaker 9

Do they have an available plan?

00:44:07 Speaker 9

Do we have a coasted anywhere, something we can look at?

00:44:11 Speaker 1

I can, again, we can throw it up to him.

00:44:14 Speaker 9

Yeah, okay.

00:44:14 Speaker 6

I don't think you can talk about the Cecil, but a lot of that's just

00:44:19 Speaker 6

the availability of equipment in it to be able to make rescues water rescues swift water rescues I mean I mean I don't think that 2010 Gillettville ever made a swift water rescue and then they had to improvise for the ladder truck and then they finally got a boat yeah so well we got a completely.

00:44:38 Speaker 8

Volunteer one man operation at the fire halt it and again mayor and John myself you know

00:44:48 Speaker 8

We've been out riding around during that time.

00:44:50 Speaker 8

And I had, I think, three generators that I was running around town getting people charged up.

00:44:59 Speaker 9

Okay.

00:44:59 Speaker 8

That would have been nice to know.

00:45:02 Speaker 8

In a small community like this, it's pretty much just volunteer all hands on deck.

00:45:06 Speaker 1

Neighbors.

00:45:07 Speaker 9

A few people had said that at one time the firehouse or the fire hall was used for

00:45:16 Speaker 9

evacuation and it was heated and they could sleep there and they had cots.

00:45:20 Speaker 9

I don't.

00:45:22 Speaker 8

Know about the cots and all that, but I know that when we built it, we had a generator put in and the building is built to be emergency services.

00:45:35 Speaker 8

So the fire hall should be available, but again, I can't speak for the fire department.

00:45:41 Speaker 9

Can we, how can we get a conversation going?

00:45:44 Speaker 1

Tied to the next meeting and hopefully Tony will be here.

00:45:47 Speaker 9

Okay.

00:45:47 Speaker 1

And we can get his opinion.

00:45:51 Speaker 1

Good.

00:45:52 Speaker 9

Okay.

00:45:52 Speaker 7

Since Dale brought that up during the last ice storm, the streets that were without power.

00:45:57 Speaker 4

For a couple of weeks, I know that on a couple of occasions we were out doing well checks on the people that could not get out, checking on elderly, and many of them were hunkered down.

00:46:08 Speaker 4

We asked what we could do to relocate them, neighbors were helping each other,

00:46:13 Speaker 4

It was really heartwarming because everyone was checking each other, making sure people were fed, making sure there was some kind of generator, a space heater.

00:46:21 Speaker 4

No one wanted to leave the ones that we had encountered.

00:46:25 Speaker 4

So we were knocking on doors and checking on those that were shut in.

00:46:29 Speaker 6

Especially the young pets.

00:46:31 Speaker 7

Yeah.

00:46:32 Speaker 4

They didn't want to go.

00:46:33 Speaker 4

I know Tony and Caleb were out, did the same thing.

00:46:37 Speaker 7

They were on the backhoe.

00:46:39 Speaker 4

They were running that whole time.

00:46:40 Speaker 4

They were running that whole time.

00:46:42 Speaker 9

That's good to know.

00:46:43 Speaker 9

I hadn't heard that.

00:46:45 Speaker 1

And that's a good thing.

00:46:49 Speaker 1

That I'm real comfortable with our city and our citizens.

00:46:55 Speaker 1

We're here to help each other.

00:46:58 Speaker 1

And in trying times, you can see it.

00:47:01 Speaker 1

People get out, help, assist wherever it's possible, and I greatly appreciate it.

00:47:08 Speaker 9

And we do have chains now on some of our trucks so they can get down your street and on the end of your street where you can't get out, right.

00:47:19 Speaker 3

Not sure.

00:47:20 Speaker 8

Not down off the end of that one hill.

00:47:22 Speaker 8

Harbor is too dangerous.

00:47:25 Speaker 3

If it's iced over.

00:47:29 Speaker 9

Is that something, well, we'll ask Tony, that the fire truck can tow someone out on a winch.

00:47:36 Speaker 1

We don't have-- It's too hazardous.

00:47:39 Speaker 8

And it's too far down there.

00:47:40 Speaker 8

We wouldn't have it waged that long.

00:47:42 Speaker 1

They have tried it in the past, from my understanding.

00:47:46 Speaker 1

And it's just kept on sliding.

00:47:50 Speaker 1

So we don't risk life and limb.

00:47:52 Speaker 9

So what would EMS do?

00:47:55 Speaker 9

If they-- Go get you.

00:47:57 Speaker 1

Go get you.

00:47:58 Speaker 1

From the top of the hill.

00:47:59 Speaker 8

They'd have to walk down.

00:48:02 Speaker 4

Unless you've got a very large skidster with tracks.

00:48:06 Speaker 4

You're not getting anywhere.

00:48:08 Speaker 9

Wow.

00:48:09 Speaker 1

Sounds fortunate.

00:48:10 Speaker 9

That's scary.

00:48:11 Speaker 1

It is really scary too when we put our guys in these trucks.

00:48:15 Speaker 1

Here they go.

00:48:19 Speaker 8

We've had chains on the trucks.

00:48:20 Speaker 8

I was on the fire truck back in the '90s and we would chain up when we knew a storm was coming in.

00:48:27 Speaker 8

So they've had chains for 40 years up there.

00:48:31 Speaker 7

It's just some places even chains are not gonna work.

00:48:35 Speaker 1

Yeah, we've got that.

00:48:36 Speaker 1

We've got Danger Hill.

00:48:37 Speaker 1

There's just a couple of spots there.

00:48:39 Speaker 9

Danger Hill?

00:48:41 Speaker 9

Where's that?

00:48:42 Speaker 9

Oh, that?

00:48:44 Speaker 9

I didn't know it had a name.

00:48:45 Speaker 4

It's the kids call it Danger Hill, but they all sled off it.

00:48:48 Speaker 4

Right.

00:48:48 Speaker 4

But nobody's driving up and down it because the kids drive and down.

00:48:52 Speaker 4

It's not a sledding down fun hill, is it?

00:48:54 Speaker 3

It's got to be dangerous.

00:48:58 Speaker 9

All right, thank you.

00:48:59 Speaker 8

I'd like to make a motion that we adjourn this meeting.

00:49:04 Speaker 7

I'll second.

00:49:06 Speaker 1

Any questions?

00:49:08 Speaker 3

All in favor?
